BEYOND *Madagascar*

Welcome to the wild and windswept paradise of Madagascar, where the thrill of kitesurfing meets the untamed beauty of nature. Nestled in the Azure waters of the Indian Ocean, Madagascar is a treasure trove of exotic landscapes, diverse ecosystems, and rich cultural heritage. And at its northern tip lies an adventure seeker's haven.

Join us on an unforgettable kitesurfing adventure trip along Madagascar's northern coast. With a 80-100% chance of windy days during our visit, you are sure to get maximum time on the water, with the beautiful backdrop of the unspoiled nature as far as the eye can see. Welcome to the adventure of a lifetime. Welcome to Madagascar.

THE *Itinerary*

Get ready to embark on what could possibly become the top adventure of your life! For the next 12 days we will explore the multi-biodiverse Malagasi with Beyond Founders - Joshua Emanuel and Lorenzo Valenti.

ARRIVE IN *Antananarivo*

16th June to 17th June

Arrive in the capital of Madagascar Antananarivo for a 1 night stay at Sakamanga. Unwind from our travels from around the globe and get ready to depart to the Emerald Sea the very next morning.

TRAVERSING *Sakalava*

17th to 21st June

Our journey begins at Sakalava Bay, where we'll stay right on the water's edge at Mada Kite Camp. The bay is a paradise for kitesurfers, featuring a sandbar that creates the ideal flat-water spot, while a reef on the outskirts provides playful waves for those looking to ride.

From Sakalava, our adventure continues with an exhilarating 20km downwind into the stunning Emerald Sea. Alongside incredible kiting conditions, Sakalava Bay offers us a glimpse into local culture and unique wildlife like the crowned lemur and Sanford's brown lemur, adding even more magic to our time in Madagascar.

KITESURFING IN *Emerald Sea*

21st to 25th June

For the next 4 days we will spend our time exploring the wonders of the Emerald Sea, searching for the optimal conditions, whilst enjoying the friendly hospitality of Mazava Loha Resort. The Emerald sea - a lagoon located at the entrance of the bay of Diego Suarez, where the water is the most incredible turquoise colour due to the sandy bottom and shallow waters. This 12 kilometre stretch of crystal clear water offers vast options for kiting and foiling alike - From barreling waves to butter flat water.

MANJARANO *Bush Camp*

25th to 27th June

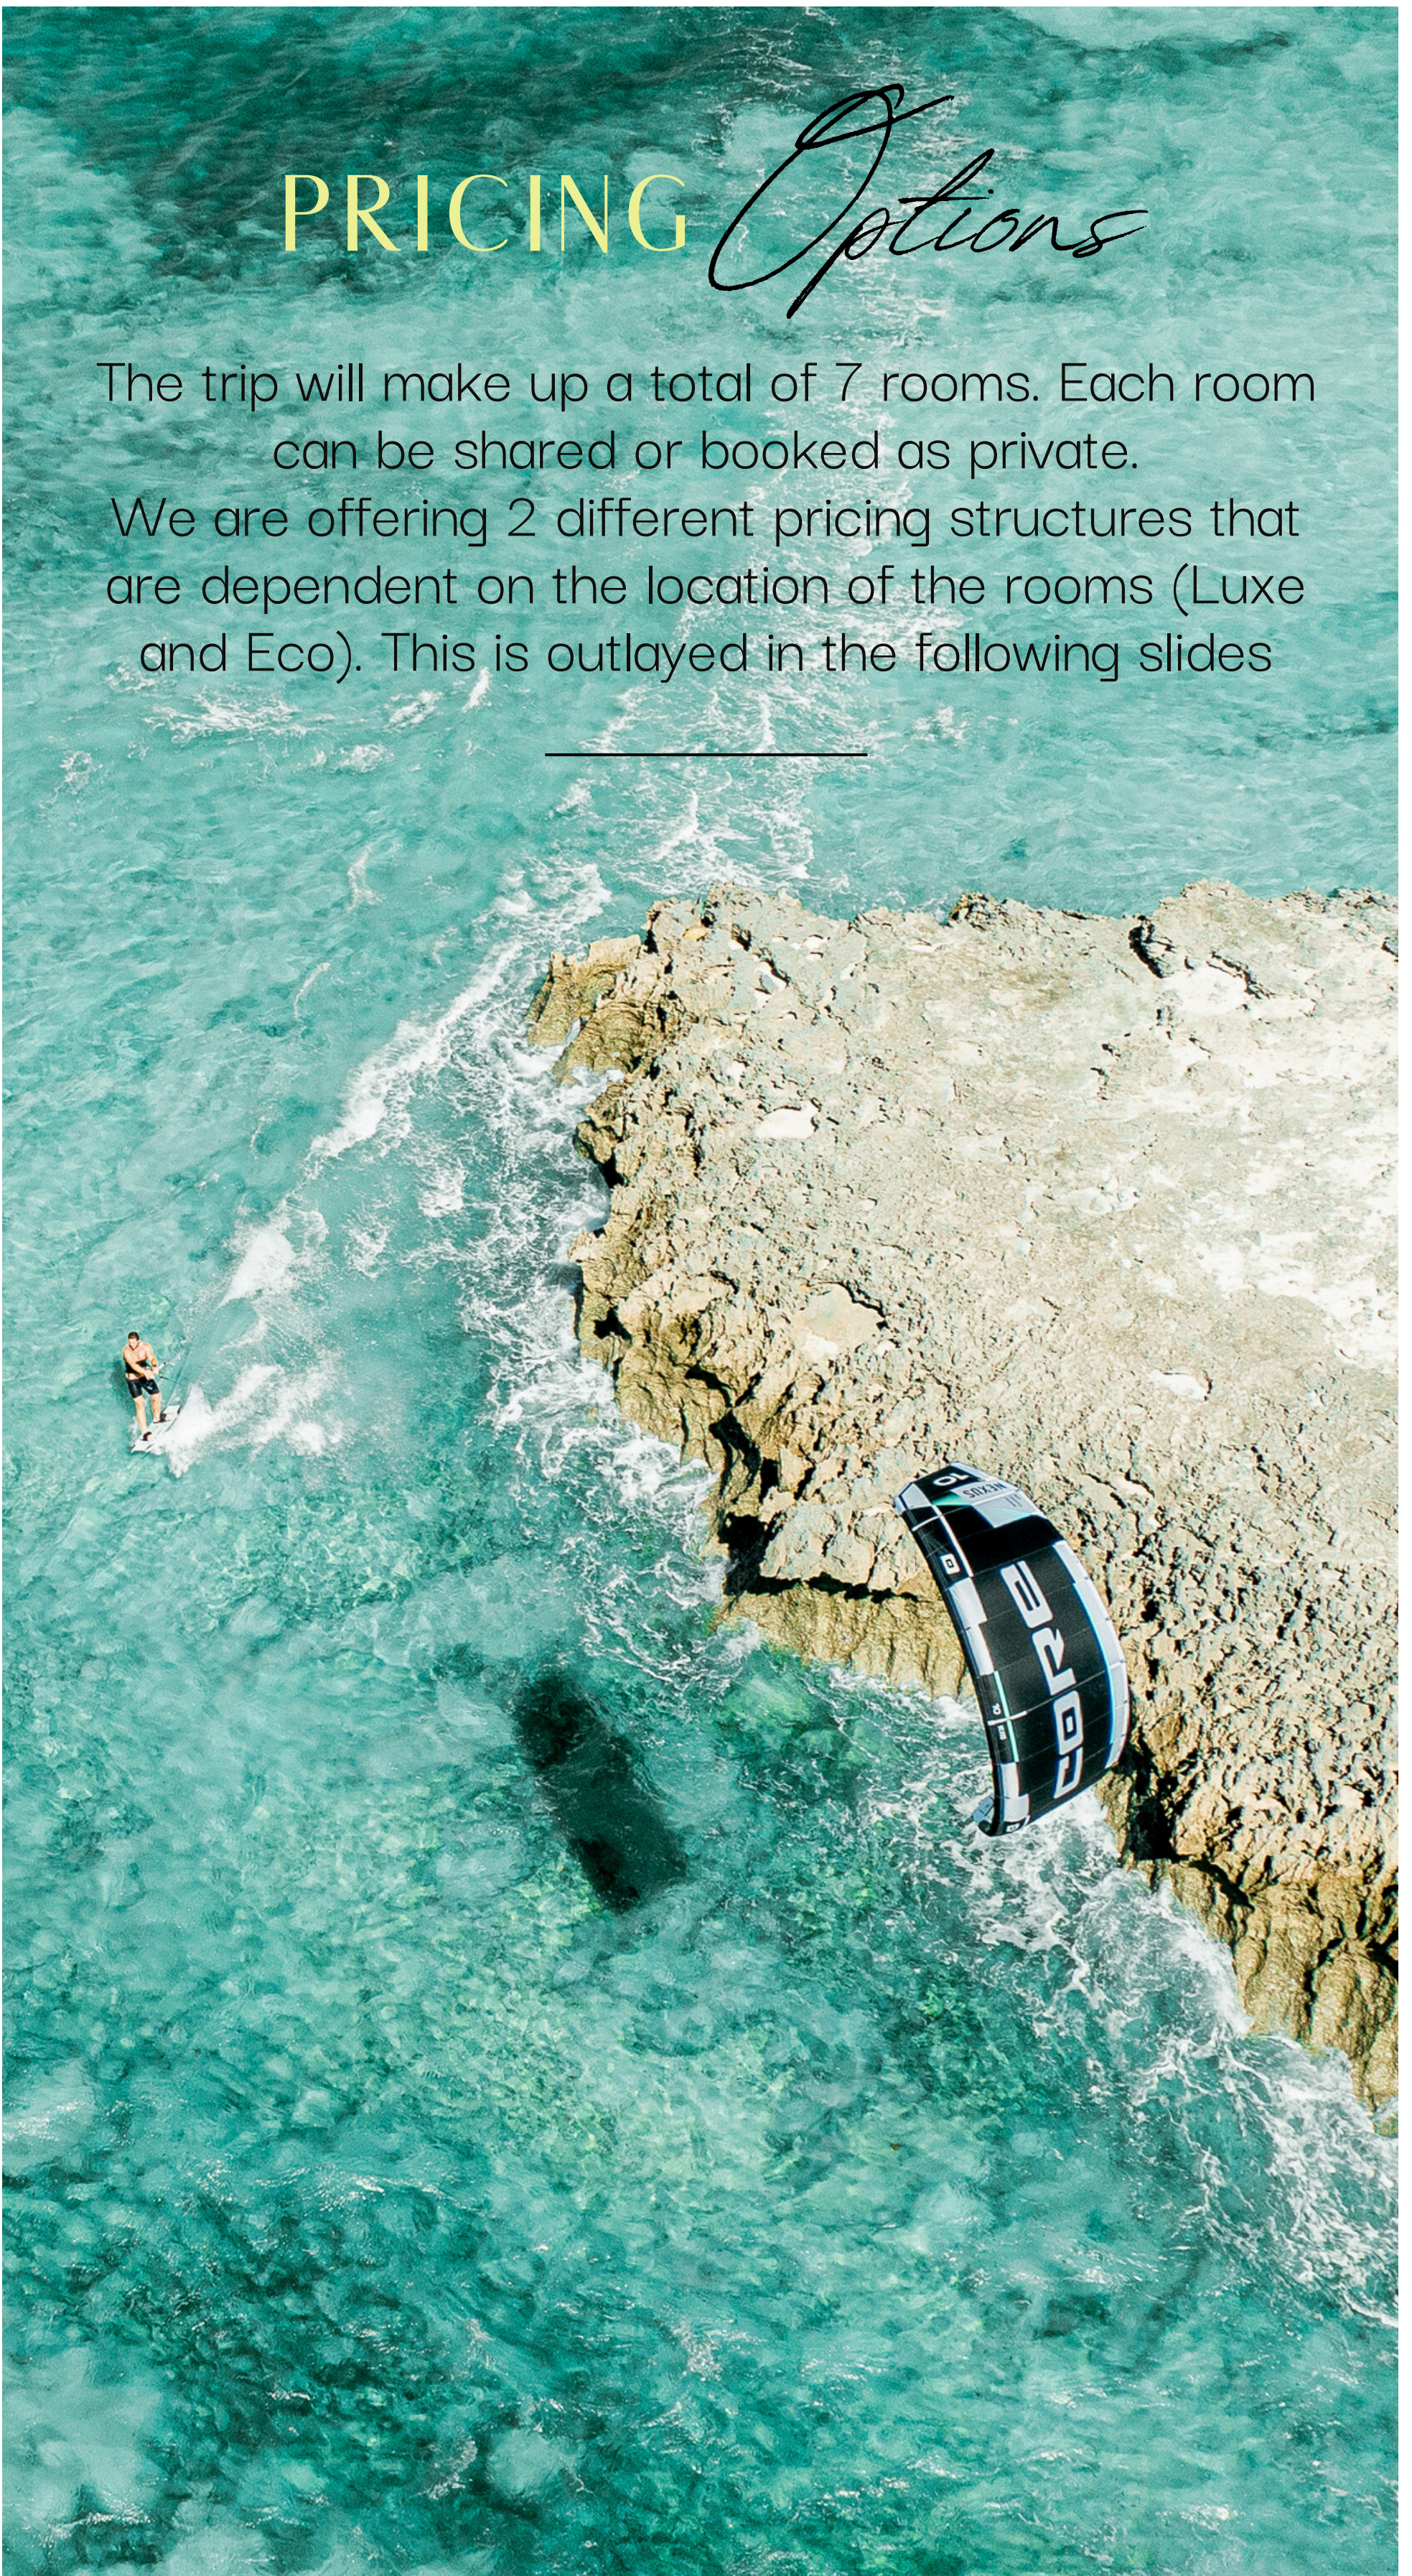

Manjarano is built in the heart of a property of 180 hectares of primary and secondary forest sheltering unique fauna and flora in the world. The estate is also partially reforested with eucalyptus wood.

This private reserve allows you to see some of it in a supervised and animal-friendly way: whether it's reptiles, Nile crocodiles, chameleons or other species endemic to the big island. Not far from there, the reserve will allow you to meet several species of lemurs.

PRICING *Options*

FREQUENTLY ASKED

Questions

✓ What are conditions like?

The winds are steady, blowing throughout the day at speeds between 15 and 40 knots. The waters are warm, making a short wetsuit or board shorts/bikini an ideal choice.

✓ What kite sizes do I need?

Be sure to pack some smaller kites, as the winds can be quite strong. A kite larger than 12 meters won't be necessary. You'll find gear rentals available at the sites.

✓ What level of riding do I need to be?

Intermediate to advanced kites are encouraged to join. Participants should be capable of staying upwind, performing self-rescues, and remaining on the water for several hours. The Beyond team will be available at all times to provide assistance with rescues.

✓ When can I see the Lemurs and Chameleons?

In Madagascar, Chameleons and Lemurs can be found almost everywhere, but Manjarano is a particularly vibrant hotspot for these stunning animals. Here, you'll have the wonderful opportunity to engage with these friendly creatures up close.
